Urgent and Authenticated Non-fiction Set to Unveil Freemason Truths

Days of Elijah: A True Story (Revised and Expanded)

By Eliza Earsman

Do you remember:

- Pan Am 103 Lockerbie
- The Dunblane Massacre
- Logan Airport on 9/11 2001
- War in Iraq and escalating violence in the Middle East
- World Wars I and II—leading to the imminent **WWIII**
- Bodies and body bags from all of the above?

Scottish Ritual Freemasonry's cause is the effect!

In this riveting real-life account, Eliza Earsman shares all about Freemasonry's documented connections to corrupt politics and harrowing world events. *Days of Elijah* exposes some of the darkest secrets the Freemasons have attempted to hide, including such intriguing facts as:

1. Scottish Ritual Freemasonry's HQ is at 96 George Street, Edinburgh, Scotland—from where Freemasons went out to be the builders of the U.S. White House.
2. The Knesset, Israel (Masonic Lodge), was specifically designed and built by Rothschild.
3. Adolf Hitler was a Rothschild offshoot.
4. Watch the globally and strategically placed "black dots" and "traditional handshakes" as politicians tour the world.

Current events show a growing awareness of Mountbatten-Windsor's attempts to hinder public awareness of these *Days of Elijah (Revised): A True Story* details. Their main goal: to try to thwart understanding and accountability for their intended World War III evils. Major worldwide events have overtaken the lives of many, yet Eliza Earsman is one of few willing to step out and speak the truth on a global domain. Opposition from the British base of crime-ridden Freemasonry has been fierce...but her determination is fiercer.

Days of Elijah (Revised): A True Story is a war document. Details are lodged with the Institute of War Documentation in Amsterdam, Holland.

For those who stand at the sidelines watching, be warned: they also kill those who do nothing.
